STAGE

1. 8m x 8m WHITE dancpad/dancefloor (in special case it can be 9m deep and 8m width)
2. Minimum height: 5m
3. NO wings, or any obstacles between the dance floor and the walls, if possible!
4. Walls around can be covered and can be uncovered walls, if they are not too bright
5. At the background we need a huge white surface or cyclo for projecting! At least 8m width, and possible to fill it with 16:9 projecting.
6. Audience proximity from the stage is better if they are close to the action, but stepping on the white dancepad is prohibited.
7. We would like to hang a set element (a special lamp). We would need ropes for that and a technician who are allowed to hang things at your theater. It is about 25 kg and has 3(-4) hanging points.
8. At least 1 people to help assembly the Sauna

BACKSTAGE

Wardrobe (Lockable cupboard or room) with shower, mirrors, iron

PRE SHOW

1. 1 full rehearsal before SHOW with minimum 1 hour break between the end of rehearsal and the start of the SHOW.
2. Dancepad cleanup before SHOW
3. Entering for the Audience is allowed only after dancers set their position on the stage!

AFTER SHOW

If disassembly happens right after the show, the sauna has to be moved to a location where it can be disassembled undisturbed

We **need at least 1 people** to help, we need **towel** for dry the Sauna.

TRAVEL

Possibly all moved by our tour transporter
(example: Ford Transit Custom)

1. 1 psc. packed sauna on rollers
(approx: 1,2m high x 0,5m wide x 1,2m deep - 125 Kg)
2. 1 psc. box of prop and hardware
3. 1 psc. toolbox
4. 1 psc. yellow hand truck
5. 1 psc. "turkish bath lamp" core (approx. 1x1x0,10m)
6. 8 psc. "turkish bath lamp" legs (approx. 1x0,5x0,02m)
7. 2 psc. "turkish bath lamp" IKEA blue bag with PVC lamps
8. 1 psc. "turkish bath dome" - white PVC dome
(approx. 0,9x0,9x0,2m)

MUSIC

Run from an iPad or Macbook or can be handled by USB pendrive for the local sound technician

Possible hanged speakers, good bass and 2 monitors are ideal for the show.

We need **one RCA cable** for our little speaker in the sauna.

If possible we need one technician but we can handle the cues in pair with projection.

We would like to have **one wireless microport**.

VIDEO

There is a constant projecting during the show which has to be well seen. Our test shows the projector has to be **minimum (!) 6000 Lumen** capable, but higher is recommended.

Projection run from our MacBook with **HDMI** out, with ARENA

LIGHTS

For lights please read the attachment.

If possible we bring our light operator, if not we need one person for that.

We would like to have an **at least 40cm disco ball**.

We would like to have **hazer**.
